“For over 25 years Powerline Industries has provided quality engineered and environmentally safe cleaning agents and maintenance programs for companies nationwide.”

PRODUCT EVALUATION

7.0 pH Upholstery Cleaner is an effective cleaning compound used on residential and commercial upholstery including wall partitions. 100% biodegradable, child and pet safe. Leaves no re-attracting residue with proper rinsing.

PURPOSE

7.0 pH Upholstery Cleaner dissolves and breaks down soils and body oils from fabrics allowing easy rinsing with hot water extraction. Also compatible with a rinsing agent such as Low pH Final Rinse.

PROPERTIES

7.0 pH Upholstery Cleaner is a clear, all natural penetrating formula that is blended to dissolve and break down soils, grease and body oils from most upholstery fiber.

USAGE

Very effective on synthetic and natural fibers. Used as a pre-spray, agitated in then followed with hot water extraction and a compatible rinsing agent such as Low pH Final Rinse.

APPLICATION

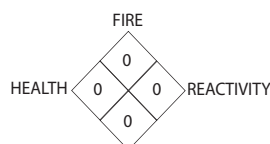

Mix 4 oz of 7.0 pH Upholstery Cleaner with 1 gallon warm water. Apply at 25-100 PSI. Agitate with either a horse-hair brush or bonnet mitt, follow with hot water extraction and Low pH Final Rinse. Promote drying.

INGREDIENTS

100% biodegradable plant base natural surfactants and brighteners imported from Indonesia.

SIZES AVAILABLE

64 oz., 2.5 gallon and 5 gallon head pack.
